

# THE HYDROGEN ENERGY SUMMIT 2018

Chiang Mai, Phi Suea House

Thank you all for the feedback we received in preparation for the first Hydrogen Energy Summit in Thailand. Today, we give you more information about the schedule and how you can confirm your attendance.

## When will it take place?

January 26th, starting at 10:30 and closing around 15:00 – and open end for discussions, at the Phi Suea House in Chiang Mai.

## What can you expect?

- We will lay the foundation stone of the first green hydrogen refueling station in SE/Asia. We invite all institutes and universities to join together, gain knowledge, and participate in the process of planning and deploying this future technology, which is fast developing in Europe, US and Japan.
- The event will give an overview of the latest developments in the field of hydrogen around the world, and showcase some upcoming technology for the first time in Thailand.
- There will be short initial greetings and keynotes on the following topics: Energy in Thailand, Renewable technologies overview, Hydrogen technology basics, Thailand 4.0 and Hydrogen, Decarbonization of the energy sector, Etc.

## What is the agenda?

10h00: Open doors, coffee, tea, breakfast bites

10h35: Morning Greetings and short Keynotes

11h30: Green Hydrogen Refueling Station Project in Chiang Mai

11h45: Enapter Technology Project Introduction

11h55: FAQ

12h15: Lunch Break, poster area opening

13h00: Networking, practical demonstrations, round tours, “touch technology” in smaller groups

14h30: “Off the Grid, Unveiling New Ways for our Energy supply” by Arno A. Evers

15h30: Official Closing – open end for discussions

## Who will attend and join the discussion?

We received confirmation of the participation from leading companies in the energy field, Chambers of Commerce and Government representatives, Embassies and Consulates, from Institutes and Universities, the United Nations, other stakeholders, green enthusiasts and more.

## Where will guests be coming from?

We will have guests from all over Thailand, and we are also expecting guests from Japan, Germany, Switzerland, Italy and Singapore and more to come. In case you fly in: please reserve your hotel and flights early.

## Who is organizing the Hydrogen Energy Summit?

The invitation comes from the Phi Suea House and its supporters. The Phi Suea House is a non-governmental, non-political institution with the aim to showcase sustainable technology. The Phi Suea House is the world's first multi-house residence powered by an off-grid microgrid with a hydrogen energy storage system. Built in Thailand in 2015, it is privately funded, without any influence from industry, government etc.

## How to register?

This is a by-invitation only event. If you are interested to join, please register your attendance by sending your full name, title, company and phone number to [info@phisueahouse.com](mailto:info@phisueahouse.com) You will receive a confirmation email within few days, and more details will follow.

## How get there?

The event will take place at the Phi Suea House. It is about 20 minutes away from the Chiang Mai airport. You can find the location at this [link](#). If you arrive via airport: there will be a pick-up service arranged.

Yours Sincerely,  
Sebastian-Justus Schmidt
